Notice Pursuant to the National Cooperative Research and Production Act of 1993 -- Global Climate and Energy Project

Notice is hereby given that, on February 22, 2013, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. § 4301 et seq. ("the Act"), Global Climate and Energy Project ("GCEP") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its nature and objectives. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, the members of GCEP have amended the agreement between them to update the list of project research that has been authorized by the members and to extend the termination of GCEP, which currently will terminate August 31, 2015.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and GCEP intends to file additional written notifications disclosing all changes in membership.

On March 12, 2003, GCEP filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice published a notice in the Federal Register pursuant to Section 6(b) of the Act on April 4, 2003 (68 FR 16552).

The last notification was filed with the Department on February 17, 2012. A notice was published in the Federal Register pursuant to Section 6(b) of the Act on March 23, 2012 (77 FR 17095).
